

Indigent Psychiatric Medication Program -Client

1. Indigent Psychiatric Medication Program (IDP) Client 01 (LSF Standard Contract, Incorporated Document 25, Ch. 394, F.S.) Is the client a member of at least one of the Department's priority populations and documentation is in client's chart?
2. Indigent Psychiatric Medication Program (IDP) Client 02 (LSF Standard Contract, Incorporated Document 25, Ch. 394, F.S.) Has the NSP documented in client's chart that he/she does not reside in a state mental health treatment facility or an inpatient community unit?
3. Indigent Psychiatric Medication Program (IDP) Client 03 (LSF Standard Contract, Incorporated Document 25, Ch. 394, F.S.) If the client's household income is below 150 percent of the Federal Poverty Income, has that been documented in the client's chart?
4. Indigent Psychiatric Medication Program (IDP) Client 04 (LSF Standard Contract, Incorporated Document 25, Ch. 394, F.S.) If the client's household income is at or above 150 percent of the Federal Poverty Income, have they been assessed using a sliding scale fee payment?
5. Indigent Psychiatric Medication Program (IDP) Client 05 (LSF Standard Contract, Incorporated Document 25, Ch. 394, F.S.) Has the NSP documented in client's chart that he/she lacks third-party insurance?
6. Indigent Psychiatric Medication Program (IDP) Client 06 (LSF Standard Contract, Incorporated Document 25, Ch. 394, F.S.) Is there documentation in the client's chart verifying the client does not participate in a program where other funding sources pay for psychotropic medications?
7. Indigent Psychiatric Medication Program (IDP) Client 07 (LSF Standard Contract, Incorporated Document 25, Ch. 394, F.S.) If client has a third-party insurance for psychotropic medications but was temporarily denied benefits for these medications and receiving IDP medications, has the NSP documented such in client's chart?
8. Indigent Psychiatric Medication Program (IDP) Client 08 (LSF Standard Contract, Incorporated Document 25, Chapter 394, F.S.) Has the NSP documented in the client's chart that they have given information to IDP individuals regarding adverse effects, side effects, possible allergic reactions, and instructions on what to do in case of an emergency?
